Directions

You can access the folder of resources needed for this activity here:

All Resources:

https://docs.google.com/presentation/d/1uG0zzMXTa0GzkyQIVRI1tqXItXp48ZxF_62afP12UPI/copy

Note that this will require that you are signed-in to your Google account and will then prompt you to make your own personal copy of the resources. You can also use this link to give out to your students to create their own copies. However, you might also want to modify the pages or only use a certain page or pages at a time. If you do, you will then want to use the blue “Share” button in the top right (1) to use with your students. This button is also useful if you want to share with students who do not have Google accounts. When you do this, make sure you allow sharing access to be able to edit the file (2), not just view it. Then, have students make a copy of it for themselves instead of editing your master copy.

Please don't hesitate to contact me if you ever have any questions! I'm happy to help! Email me at savannahgroeneveld@gmail.com anytime!
